“Planned Parenthood gave me the freedom to pursue my education and passions.”

—Karla, Planned Parenthood patient

[Salutation], will you join us with a gift of [Ask1] today?

» Like most young people, my first experience with sex education was through school. It was incredibly lacking in its scope and included misinformation and fear mongering. However, I was lucky enough to have had a network of strong women in my family, who taught me that sex is not something shameful or wrong. When I was 18, my sister took me to Planned Parenthood to get affordable birth control. Planned Parenthood gave me the freedom to pursue my education and passions—

[Salutation], as a Planned Parenthood supporter, you know just how tough the political environment has become in [StateName]. By making a gift of [Ask1] today, you'll help protect the next Karla from politicians who are trying to block people from receiving affordable birth control, cancer screenings, STI testing, and other essential health care at Planned Parenthood.

You can make sure the next Karla gets the care and education she deserves.

Your donation of [Ask1] helps [StateResidents] like Karla get the care they deserve.
