

# ANNUAL REPORT

# MISSION

The Nebraska Civic Engagement Table is a nonpartisan organization whose mission is to strengthen the collective impact of, and collaboration between, nonprofit 501c3 community and advocacy organizations that empower the rising electorate in our state.

# OUR VISION

Our goal is to build an electorate representative of all Nebraskans, where everyone is able to participate in the democratic process and members of the rising electorate have their voices heard in the policymaking decisions that affect their lives, their families, and their communities. We will accomplish this goal by creating a culture of civic engagement in Nebraska, and by strengthening the nonprofit community through collaboration, training, and leadership development.

In Nebraska we do things differently. As the only state with a nonpartisan legislature, and the only state with a unicameral legislature, our state has clearly set itself apart in the way we value working together to truly build "the good life" for all Nebraskans.

The model of establishing a "table" organization to foster collaboration and coordination exists all across our country in many different forms. What sets Nebraska apart is that it was our nonprofit community that first drove the conversation and took the lead on bringing everyone together to create a culture of year-round civic engagement. With their established reputations for providing much-needed services, advocating for social services at the public policy level, and building strong relationships in their neighborhoods as well as across communities, nonprofits are a trusted source of accurate and up-to-date information including voter registration resources and voter turnout messages.

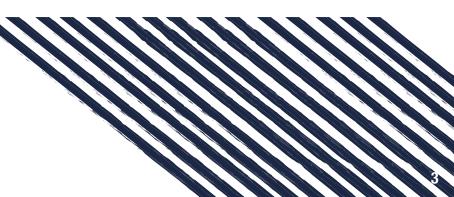

While there are other 501c3 state tables, those are most often secondary entities to 501c4 organizations that serve at-capacity nonprofits. In Nebraska, we have built a serviceoriented team of experts, providing capacity building resources to serve our 43 nonprofit member organizations.

Throughout this report, you will see examples of the services we provide to our members. From testing and experimentation, to collaboration and coordination, to training and grant funding - the Nebraska Civic Engagement Table has exceeded the expectations set by our Board, our funders, and ourselves. We've built trust with our members. We have set a precedent for success that is now being modeled in other states, with our guidance.

The work we do wouldn't be possible without generous funding from people who care deeply about the voices of all Nebraskans. We are amazed and humbled by the incredible work our nonprofit members are doing. We are proud to work with our coalition partners to strengthen the web of nonprofit collaboration. We are inspired by the next generation of leaders and advocates in Nebraska.

With gratitude,

Zack Burgin **Executive Director** 

# **OUR TEAM**

We are really proud of the incredible team we have built! Building a pipeline of nonprofit leadership that is representative of the Rising American Electorate is an important part of our mission, and this year we are pleased to have watched as former Table interns used the skills and experience they gained here to step into their careers as grassroots advocates.

Last March we hired our lead intern, Billie Grant, to fill our newly created Deputy Field Director role. Billie first joined our team as an intern in September 2016. Unfortunately, after just three months with us, Billie moved out of state with her partner. We are glad a new community will now benefit from her passion for social justice, and the timing of her open position allowed us to hire another talented community organizer, Kinzie Mabon.

In May, we promoted Table intern Isabel Salas to a new Office Manager and Translator position. Isabel ultimately moved on to an organizing position and is now a Lead Community Builder working on the Collective Impact Lincoln project, partnering with Table members South of Downtown Community Development, Nebraska Appleseed, and Civic Nebraska.

We would also like to acknowledge the time and talents of our previous Field Director, Emily Balf, who left the Table in early 2018. Upon her departure, Kinzie Mabon was promoted to Field Director. We are excited to watch Kinzie thrive and build organizing capacity among our members in 2018 and beyond.

These are just two examples of the leadership pipeline we are building in Nebraska. Many of our interns have gone on to study and/or pursue career opportunities in civic engagement, social justice, and grassroots advocacy. We have a large pool of talented and diverse individuals here in Nebraska, and we are dedicated to connecting our nonprofit member organizations to their future leaders.

## ZACK BURGIN, EXECUTIVE DIRECTOR

## zack@nebraskatable.org

Zack Burgin has 12+ years of experience organizing and managing statewide and local political campaigns, as well as coordinating issue advocacy efforts with Nebraska nonprofits and national organizations. Zack is driven by the belief that successful advocacy is relationship-based and data driven. In a past life, Zack could be found teaching Tae-Kwon-Do Lessons in his hometown.

## **BRETT ANDRES, DATA DIRECTOR**

## brett@nebraskatable.org

Brett has spent the last 6 years working to increase voter participation in Nebraska through political campaigns and advocacy organizations. He is motivated by the passion of Nebraskans he has met across the state to amplify the voices of people who have been underrepresented and written off by the political system. Brett loves data and its ability to make our advocacy even more efficient and effective.

## **KINZIE MABON. FIELD DIRECTOR**

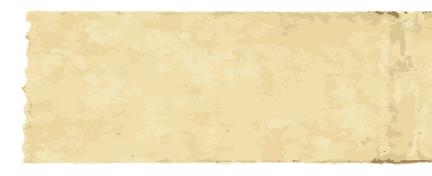

kinzie@nebraskatable.org Kinzie is a Nebraska native who has always been passionate about civic engagement and activism. In her time as an organizer, she found great joy in engaging young people as volunteers and interns. When she's not at work, you can find Kinzie enjoying live music and contemplating how long she would survive in the event of a zombie apocalypse.

## ANGIE REMINGTON, COMMUNICATIONS DIRECTOR

angie@nebraskatable.org Angle is a big picture thinker with more than a decade of nonprofit development and communications experience. She is passionate about breaking the cycle of poverty through education, mentoring, advocacy, civic engagement, and through investments in economically disadvantaged communities. You can usually find her in the woods with her two children and her dog, Sandwich.

## **ARACELY RODRIGUEZ, OFFICE MANAGER/TRANSLATOR**

aracely@nebraskatable.org Aracely has 5+ years of experience in Human Resources and administrative management. She was born in California, but has lived in Nebraska since age 12 and has made it her home. She loves playing volleyball and jet-skiing, and is a proud mom to 4 dogs that keep her very busy! Aracely is a fluent Spanish speaker.

# **OURBOARD**

We would like to thank our Board of Directors for their inspiring leadership and dedication to empowering the rising electorate in Nebraska. We are grateful for your active leadership and guidance.

## 2018 Board of Directors

President, Katie Weitz, Weitz Family Foundation Treasurer, Nic Swiercek, Nebraska Appleseed Secretary, Tyler Vacha, Center for Rural Affairs Kimberly Goins, The Malone Center Jasmine Harris, Defy Ventures

Additional gratitude to Othello Meadows of SeventyFive North, and Kevin Lytle of FUTURE Foundation for their board service in 2017.

Sarah Ann Kotchian, Holland Children's Institute Bri McLarty, Dodge County Deputy Attorney Lucia Pedroza, Heartland Workers Center Kathy Steinauer Smith, Woods Charitable Fund

## ACLU Nebraska

The ACLU is our nation's quardian of liberty, working daily in courts, legislatures and communities to defend and preserve the individual rights and liberties that the United States Constitution and laws of Nebraska guarantee everyone in the Cornhusker state.

## Arc of Nebraska

The Arc of Nebraska exists to see all people with intellectual and developmental disabilities live meaningful lives within the communities of their choice. They are dedicated to raising awareness of their cause and advocating with and for those in need.

### Black Men United

Black Men United is a grassroots organization working with black men of various ages to make sustainable change in the Metropolitan Omaha area. They do this through trainings, programming and events held consistently within their target community.

#### **Bold Alliance**

Bold Alliance works protect to land and water, working alongside farmers, ranchers, Tribal Nations and citizens to make necessary change in Nebraska.

#### **Center for Rural Affairs**

The Center for Rural Affairs stands up for the small family farmer and rancher, new business owner, and rural communities by offering loan opportunities, training, and bilingual educational and social services resources. Additionally, CFRA works with community members to empower new rural leaders.

#### **Centro Hispano**

Centro Hispano provides a number of immigration services in order to engage the community in civil activities and bridge the gap between different cultures, encourage community involvement and higher education among youth, and provide guidance along the path to citizenship by providing affordable immigration services at low cost and referrals to community member in the greater Columbus, Nebraska area.

El Centro Hispano provee una cantidad de servicios de inmigración para atraer a la comunidad en actividades cívicas y crear puentes entre diferentes culturas, promover envolvimiento comunitario y educación superior entre los jóvenes, y guiar el camino hacia la ciudadanía, proporcionando servicios de inmigración a bajo costo y referencias a los miembros de la comunidad de Columbus, Nebraska, y sus alrededores.

## **Civic Nebraska**

## 🔹 FOUNDING MEMBER 🎉

🐒 FOUNDING MEMBER 🎉

🔹 FOUNDING MEMBER 🎉

🔹 FOUNDING MEMBER 🏄

Civic Nebraska is a group of dedicated and politically diverse young Nebraskan professionals who are committed to making our civic institutions more inclusive among youth and historically disadvantaged and disengaged populations. Civic Nebraska achieves this by engaging our youth in our community and building leadership skills.

#### **Coalition for Lifesaving Cures**

Nebraska Coalition

## Coalition for Lifesaving Cures works to educate and support stem cell research in Nebraska. They support Nebraska communities through financial donations for statewide elementary school science meets, scholarship awards for collegiate scientists and through a scientific achievement award to scientists or

clinicians who demonstrate promise in research.

make their voices heard in the political process.

## **Community Action of Nebraska**

Community Action of Nebraska's mission is to alleviate poverty by enhancing program development, providing technical assistance, and advocating public policy to support all Community Action Agencies in Nebraska. The Community Action promise is: Community Action changes people's lives, embodies the spirit of hope, improves communities, and makes America a better place to live.

### **Compassion in Action, Inc.**

Compassion In Action connects the dots of society to assist in the recovery of all concerned and supports all efforts to bring families together. This is to break social cycles that foster negative mindsets and violent behavior leading to criminal acts and incarceration.

### **Disability Rights of Nebraska**

Disability Rights Nebraska was created to assist individuals with disabilities and their families in protecting and advocating for their rights. Disability Rights Nebraska promotes the principles of equality, self-determination, and dignity of persons with disabilities.

### **Flv Over Media**

Fly Over Media is a cultural education non-profit which produces, supports and publishes interactive, multimedia journalism pieces about rural and underrepresented communities.

#### **GLSEN - Omaha Chapter**

The mission of GLSEN (pronounced "glisten") Omaha is to assure that each member of every school community is valued and respected regardless of sexual orientation, gender identity, and/or gender expression. GLSEN strives to protect students from bullying and harassment, to advance comprehensive safe schools laws and policies, to empower principals to make their schools safer, and build the skills of educators to teach respect for all people.

### Habitat for Humanity Omaha

Habitat for Humanity brings people together to build homes, communities and hope.

### Health Center Association of Nebraska

The Health Center Association of Nebraska has 7 members in Omaha, Gering, Columbus, Grand Island, Norfolk and Lincoln as well as an associate member in Council Bluffs, Iowa. These Federally Qualified Health Centers are "local, non-profit community owned health care providers serving low income Nebraskans and medically underserved communities." HCAN works to enhance and expand access to quality, community-responsive health care.

#### **Heartland Workers Center**

Heartland Workers Center's goal is to improve the quality of life of Latino/a immigrant workers by promoting leadership development, workers' rights, and civic engagement through legal information sharing, training, and organizing.

El objetivo de Heartland Workers Center, ó el Centro de Trabajadores del Heartland, es mejorar la calidad de vida para trabajadores inmigrantes Latino/as por promover el desarrollo de liderazgo, derechos del trabajador, y participación cívica en forma de compartir información legal, entrenamiento, y organización.

### **Holland Children's Institute**

The Holland Children's Institute is dedicated to reducing the number of Nebraska families living in poverty and to making Nebraska the best place in the country to raise children by identifying the most effective practices in education, health care and economic development.

#### Hunger Free Heartland

Hunger Free Heartland empowers communities to end childhood hunger across Nebraska.

### **Immigrant Legal Center**

Immigrant Legal Center (ILC), a metro Omaha-based nonprofit, is a chapter of National Justice For Our Neighbors, a network of 14 state chapters offering more than 35 legal clinics for immigration services. All JFON projects across the country are staffed by local full-time, paid attorneys.

Centro Legal de Inmigrantes (CLI-NE), una organización sin fines de lucro basado en Omaha, es una división de National Justice for Our Neighbors, una red de 14 divisiones estatales quienes ofrecen más de 35 clínicas legales para servicios de inmigración. Todas las divisiones de JFON a través del país emplean abogados locales que trabajan a tiempo completo pagado.

### **Inclusive Communities**

## 🐧 FOUNDING MEMBER 🎉

Inclusive Communities is a human relations organization confronting prejudice, bigotry and discrimination through educational programs that raise awareness, foster leadership and encourage advocacy for a just and inclusive society.

IPL

Institute for Public Leadership

► LATINO CENTER OF THE MIDLANDS

## inCOMMON

inCOMMON Community Development aims to unite and strengthen vulnerable neighborhoods. They have worked to achieve this mission by creating a variety of programs aimed at strengthening relationships between people in the community, as well as helping individuals escape poverty and be heard.

#### Institute for Public Leadership

Institute for Public Leadership (IPL) provides leadership development, skills training, research and organizing support to people from diverse faith traditions, racial and ethnic origins, and socio-economic backgrounds from across the Omaha metropolitan area so they can be effective agents of positive change in their communities.

## **Latino Center of the Midlands**

Throughout its 45-year history, Latino Center of the Midlands evolved to become one of the most respected Hispanic organizations in Metro Omaha. It will continue to play a key role as Hispanics become the country's largest and fastest-growing ethnic minority. The organization works to change lives at the local level by promoting employability, ensuring student access, cultural transition, and family well-being assistance.

## **Live Well Omaha**

Live Well Omaha leads a coalition of organizations that are committed to prioritizing and improving conditions that impact the health of our community, working together to positively impact health outcomes for all individuals and families. Live Well Omaha: Douglas County Putting Prevention to Work has a singular vision to make Omaha a healthier city to live, work, play, and raise children.

## Malcolm X Memorial Foundation

🔹 FOUNDING MEMBER 🎉

The Malcolm X Memorial Foundation, in concert with local, national, and international supporters of El Hajj Malik El-Shabazz (Malcolm X), endeavors to perpetuate his uncompromising leadership and contributions towards social justice.

## National Coalition of 100 Black Women - Greater Omaha

NCBW consists of thousands of progressive women of African descent who represent 60 chapters in 25 states and the District of Columbia and whose commitment to gender equity and socioeconomic advancement drives meaningful change to benefit women of color.

## Nebraska Conservation Education Fund

NCEF is a nonprofit, nonpartisan organization that works to increase public education and engagement in conservation issues.

## Nebraska AIDS Project

NAP leads the community to overcome HIV/AIDs and its stigma through education, supportive services and advocacy. NAP is a statewide AIDS support organization that provides HIV prevention education and case management services to all of Nebraska, 11 counties in southwest Iowa and 2 counties in eastern Wyoming.

## Nebraska Appleseed

## 🍇 FOUNDING MEMBER 🎉

Nebraska Appleseed is a nonprofit organization that fights for justice and opportunity for all Nebraskans. We take a systemic approach to complex issues – such as child welfare, immigration policy, affordable healthcare and poverty – and we take our work wherever we believe we can do the most good, whether that's at the courthouse, in the statehouse or in the community.

#### Neighborworks Lincoln

NeighborWorks Lincoln is a non-profit organization dedicated to community revitalization through an active partnership of resident leaders, private businesses and public officials. They open doors for people to achieve their dreams of homeownership and for others who desire a safe and attractive neighborhood.

LWV

LEAGUE OF

WOMEN VOTERS®

*(outlinc)* 

## Nonprofit Association of the Midlands

The Nonprofit Association of the Midlands (NAM) works to enhance public recognition of the importance and role of the nonprofit sector to the people of Nebraska. They also provide access to high quality assistance and information on effective nonprofit management and practices, as well as advocating on issues that affect the capacity of all nonprofits to address their communities' needs.

#### **Omaha League of Women Voters**

The League of Women Voters of Omaha, a non-partisan organization, encourages informed and active participation in government, works to increase understanding of major public policy issues, and influences public policy through education and advocacy. They aim to increase voter participation, educate citizens on the voting process, and see those around us actively taking part in government.

### Outlinc

Moving the community forward: Outlinc is a nonprofit organization that engages in and fosters the wellbeing and advancement of the LGBTQ community through excellence in service, recreation, education, and celebration.

## Planned Parenthood of the Heartland

Supported by volunteers, partially funded by generous donations and staffed by dedicated and professional employees, Planned Parenthood of the Heartland continues its tradition of providing accessible, affordable reproductive healthcare and education and advocacy for reproductive rights.

## **Together Omaha**

Together works to prevent and end homelessness through collaboration. They provide emergency resources and case management services to individuals, families, and veterans living in or near homelessness to rebuild housing stability. Together envisions a community of prosperity where everyone experiences safe, affordable housing, food security, health and wellness.

## **Union for Contemporary Art**

The Union for Contemporary Art is committed to strengthening the creative culture of the greater Omaha area by providing direct support to local artists and increasing the visibility of contemporary art forms in our community.

## Unity in Action

Unity in Action seeks to empower Latinos in Northeast Nebraska by promoting workers' rights, civic engagement and justice through education, training, and advocacy. Their vision is to use education and information to ensure that every person and family achieves their maximum potential

#### **Voices for Children**

Voices for Children in Nebraska is the independent voice building pathways to opportunity for all children and families through research, policy and community engagement. It is a statewide child advocacy organization that gathers information about how Nebraska children are faring, and distribute that information to places where it can make a difference on the state, national, city, and county level.

## Women's Fund of Omaha

The Women's Fund of Omaha examines issues and conducts research to provide informed support for initiatives that improve the lives of metropolitan area women and girls. They work to improve the lives of Omaha-area women by identifying critical issues including economic conditions, domestic violence, and women in leadership positions. The goal is for women to receive full partnership in Omaha communities.

## Young Nonprofit Professionals Network Greater Omaha

The Young Nonprofit Professionals Network of Greater Omaha promotes interests, and builds opportunities for social and professional development for emerging leaders in Greater Omaha.

# WHERE THE RAE LIVES IN NEBRASKA

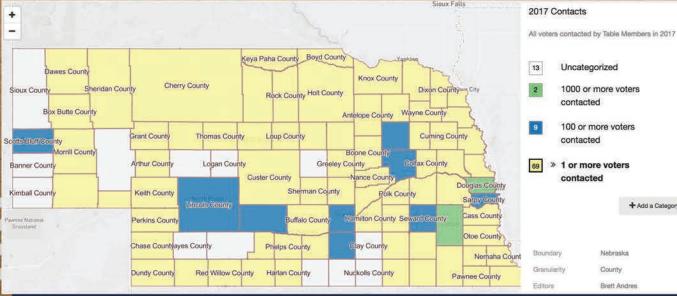

One of the main reasons for the low number of registered RAE voters is lack of education; both about the issues, and about the voting process itself. As the means by which we vote advances at a rapid pace, it is important that the largest group of eligible voters is able to keep up, and education about voting is the key for engaging and retaining voters.

In Nebraska, 44% of the RAE are unregistered voters, leaving their voices unheard, and decisions about their own well-being out of their control. In addition to the traditionally recognized members of the RAE, Nebraska also features a section identified as rural voters, whose primary concern is conservation issues.

The RAE can be found all throughout Nebraska. It is crucial that there are organizations everywhere working to empower the RAE, and ensure that its members are actively participating in the civic process.

# 2017 TABLE MEMBER VOTER OUTREACH

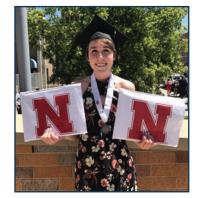

As part of our commitment to creating a pipeline for future nonprofit leaders in Nebraska, the Table has created an internship program that provides valuable experience to students and individuals. In 2017 we were delighted to once again work with a fantastic group of passionate, smart, and driven interns who will undoubtedly go on to do great things.

## Allison Holmes graduated in 2015 with a Bachelor's Degree in Social Work with a minor in Sociology from the University of Nebraska at Omaha:

"Encouraging people to engage with our democracy is a passion of mine. I'm excited to be interning with the Table because empowering the rising electorate is a vital part of inciting meaningful change in our communities. I have a strong interest in drug policy reform and influencing social work practices to prioritize harm reduction when working with people who use drugs. I also love singing karaoke!"

## Erin Schoonover graduated from the University of Nebraska-Lincoln in May 2017, with majors in Business Administration and French:

"I believe in empowering and helping those people groups who are underrepresented in our state because their voices are important and have value. The way that the Table engages community organizations and other nonprofits and helps them to accomplish what they already do was something that intrigued me. I would consider myself a 'behindthe-scenes' person who enjoys equipping others and giving them opportunities to impact the communities around them. I am passionate about helping others do what they are passionate about. I love reading mystery/thriller novels and running. Carrots are my favorite food and I ate them every day for lunch from elementary school through high school."

Isabel Salas also graduated from the University of Nebraska-Lincoln in May 2017 with majors in Political Science, Women's and Gender Studies, Global Studies, and a minor in Human Rights and **Humanitarian Affairs:** 

"I am so excited to be working with the Table because they do work that is right in my focus area -- diversity and inclusiveness in the democratic process. As a Latina who grew up in Nebraska, I know that it's hard to motivate communities and underrepresented groups to be civically engaged when outreach doesn't include them. Working with the Table is such a unique and important opportunity to create meaningful representation for those groups. I am passionate about the status of women in politics and the status of minority groups within politics, especially on a global scale. I am also a passionate cat mom to two precious cats, Colin O'Malley and Piper."

iustice.

"I am very passionate about lifting the voices of marginalized groups. I identify with so many of these groups and it is important that I advocate and represent those groups as best as I can. With all of the things going on in our government and society I felt like working with the Table and working towards their mission was exactly what I needed to be doing. I love theatre and performing. In my free time you can find me out in the community working on a theatre or social justice projects, watching my favorite show Shameless with my cat Louie, or just hanging out with friends"

in Black Studies.

"I have always wondered how someone who has never worn my skin, lived in my neighborhood, or experienced my experiences could effectively make executive decisions for me. Being a student at UNO has given me the opportunity to meet all kinds of people from various backgrounds. I've noticed that a lot of us have the same questions and concerns when it comes to the people that represent us. In addition to being a student, I am mother to a 3-year-old boy, RJ, and I am involved in student government, National Council of Negro Women (N.C.N.W), University of Nebraska at Omaha's Black Student Union, and the Phi Alpha Delta Law Fraternity."

## Billie Mari Grant joined us for a second internship in 2017, this time acting as Lead Intern and overseeing intern projects.

"As a member of many marginalized communities it is so important to me that I do all I can to make change. I love being an active member of my community and to me that means advocating for folks who do not have the privilege of feeling safe or comfortable or empowering folks to use their own very beings to bring about necessary catalyst."

Northwestern University.

## Cornelius Rhone is a Sophomore at the University of Nebraska Omaha where he was studying theatre with a focus on acting, but is considering a career in nonprofit social

## Xan "Monique" Burgess was a Collaborative Intern from the University of Nebraska Omaha's Office of Civic Responsibility. She is studying Political Science with a minor

Faith Irvine was also a returning intern in 2017, focusing this time on communications and helping to create a comprehensive training guide and presentation for members. She is a Lincoln native and currently a freshman at

# **SOCIAL PRESSURE MAIL EXPERIMENT**

In 2017 the Nebraska Civic Engagement Table worked with the Analyst Institute to conduct a two-part social pressure experiment to measure impact on voter turnout. This was the first test of its kind to be conducted in Nebraska.

The purpose of the test was to compare the results of "social pressure" mailing across a spectrum of conditions including voting propensity, from new voters to high turnout voters. The test also measured differences in likelihood to vote for **new voters** who received one of several possible combinations of mailings:

1 one piece of "report card" social pressure mail;

one piece of "report card" social pressure mail with a "thank you for voting 2 for the first time in 2016" message; and

3 both mail pieces received a few days apart.

For the **Previous Voter Test**, one piece of social pressure mail was sent to a randomized selection of voters in Lincoln and in Omaha who had voted in one or more elections prior to 2016.

## THE MAIN FINDINGS IN THE TWO TESTS WERE AS FOLLOWS:

In the Previous Voter Test, the report card mail increased turnout among previous voters by a statistically significant 1.1 percentage points.

## In the New Voter test:

The thank you mail, report card mail, and the combination of the two increased turnout by an estimated 0.4, 0.7, and 1.2 percentage points, respectively.

The "both mailings" condition was probably the most effective, increasing turnout by about 1.2 percentage points. The "both mailings" condition was also the only condition that increased turnout to a degree that was statistically significant at conventional levels

YOUR COMPARISON

Good ++

Your Score \*\*

-

Below Average

Neighborhood Score

>

However, the effects of the three treatments were not statistically significantly different from each other.

Therefore, our finding that the both mailings treatment was most effective is suggestive rather than conclusive.

## THESE RESULTS SUGGEST THE FOLLOWING TAKEAWAYS:

Sending more than one piece of mail is probably a good strategy. This is consistent with a 2014 test, which found that despite diminishing returns with each additional piece of mail, two pieces of social pressure mail increased turnout more than one did, and three more than two.

Voter report cards work on new voters as well as previous voters. It was not obvious from the outset that voter report cards would work even on new voters who largely lack a vote history, but it appears that they do.

# **SMS POLL** EXPERIM

In October 2017, the Nebraska Civic Engagement Table again partnered with the Analyst Institute to conduct an experiment testing the viability of phone text message (SMS) recruited public opinion polling as a cost effective tool for measuring Nebraskans' support for proposed policies. We sent messages to 50,037 Nebraskans asking them to participate in a short survey that they could complete from their phone or from another device. After five days of recruitment, we received completed surveys from 577 Nebraskans. This method allowed us to find Nebraskans' policy positions within a few weeks at a cost of under ten thousand dollars.

In addition to being cost effective, the sample of Nebraskans was as demographically representative as a live dial or robodial poll (though most of those polls get too many older respondents and we got "too many" younger respondents). We are confident that our poll represents the real views of Nebraskans within the same margin as a more traditional poll.

Our findings were in line with other, more traditional polls on issue support and on the President's favorability. As a nonpartisan 501(c)3 organization, the Nebraska Civic Engagement Table used the question of the President's favorability in accordance with polling best practices and strictly as a tool to improve the integrity of our results. As such, we did not include the responses to that question in our published results.

We asked questions on limiting payday lending interest rates, including LGBT+ Nebraskans in our nondiscrimination laws, creating a fund for paid family leave, and creating an independent redistricting commission.

For a full report of the results of the SMS poll experiment, please contact Brett at brett@nebraskatable.org.

## 2017 STAFF HIGHLIGHTS

GETTING THIS JOB WAS HONESTLY THE BEST MOMENT OF 2017 FOR ME. EVERYTHING ABOUT THIS JOB I'VE ENJOYED SO FAR. MOST IMPORTANTLY, I REALLY ENJOY THE GROUP OF PEOPLE I WORK WITH, ESPE(IALLY KINZIE.

-Aracely

# MINI GRANT PROGRAM

In 2017 the Nebraska Table expanded our reach from not only supporting member civic engagement and grassroots advocacy campaigns, but also providing funding through our mini grant program. Throughout last year our members were able to hire organizing staff, pass legislation to expand voting rights, increase voter turnout, and stop damaging tax proposals - to name a few examples - with our funding and guidance.

# **2017 ORGANIZING MINIGRANTS**

## INCOMMON COMMUNITY DEVELOPMENT

Amount Funded: \$10,000

## **PROJECT:**

A new, part-time Civic Engagement Specialist was hired to deepen neighborhood collaboration and civic engagement in the Park Avenue neighborhood in Omaha. This includes project direction for The Listening Project - a program that engages Park Avenue residents in a deep-listening interview, which helps identify resident and neighborhood assets, and local leadership.

## **PORTION OF THE RAE SERVED:**

47% of InCOMMON's current program participants identify as Hispanic/Latino.

## **PROJECT OUTCOME:**

InCOMMON hired 1 local organizer and in 2017 held nearly 200 one-on-one interviews, conducted by 22 volunteers.

"We've had a group of about 12 high school boys emerge as strong leaders from our youth population, and another 6-8 from among our Hispanic program participants, which are our two target populations. Throughout the year, we've had about 7 volunteers regularly engage with the project, and another 12 -15 one-time volunteers throughout the year."

# **2017 GOTV & VOTER REGISTRATION MINIGRANTS**

## HEARTLAND WORKERS CENTER | Amount Funded: \$10,000

## **PROJECT:**

This funding was provided to help increase voting participation in the Municipal Elections in the South Omaha Community through door-to-door canvassing, phone banking, social media advertising, a printed voter guide, and Spanish language radio spots.

## **PORTION OF THE RAE SERVED:**

Latino residents in South Omaha and young voters between the ages of 18-25.

## **PROJECT OUTCOME:**

10 paid canvassers were hired for the 6 weeks leading up to the Spring 2016 Municipal Elections. Those canvassers trained 90 volunteers, many of whom were young people between the ages of 14-25, in GOTV phone banking, canvassing, voting processes and the importance of local elections. In addition, HWC partnered with Radio Lobo to create a four-week advertising campaign with weekly installments about the process of voting, the importance of local elections on daily city services, the influence an individual vote can have as well as times and dates for Election Day, how to get more information about polling places, and a final GOTV push on Election Day. The Hispanic newspaper, Mundo Latino, shared a voter guide, issues platform, candidate profiles, and GOTV messaging - all in Spanish - before election day. Finally, HWC used paid boosts on Facebook to expand the reach of their messaging and posted live videos.

## FINAL NUMBERS:

1514 Door attempts; 945 door contacts

90 Volunteers

1418 calls attempted; 391 conversations

4 weeks of radio spots on Radio Lobo

"We found that it was important to always have bilingual volunteers and what information was needed for them to explain to voters during a phone call or a visit...We learned that volunteers liked canvassing because they like building relationships with people in the community. We learned about small details about VAN that we needed further training on to understand the impact of our daily work. Sharing numbers with the canvassers really impacted morale, as it can be discouraging to not find everyone you are looking for, we focused on the ones we did find and informed them about voting."

## **LEAGUE OF WOMEN VOTERS-GREATER OMAHA** | Amount Funded: \$3,000

## **PROJECT:**

The League of Women Voters created a Voter Registration Project, focusing on high school seniors, students in Young Adult Special Education programs, community college students, and newly naturalized citizens. This project is ongoing. **Total Naturalization Ceremonies: 11** Total School Drives: 10

**PORTION OF THE RAE SERVED:** 

Young voters

## **NEBRASKA APPLESEED** | Amount Funded: \$8,000

## **PROJECT:**

Subgrant to four rural community organizations/leaders \$2,000 each to fund their own voter registration drives focusing on registering people of color. These rural communities were: Alliance, Lexington, South Sioux City, and Winnebago. Nebraska Appleseed worked with existing GOTV "teams" of leaders or groups: Native Futures in Alliance, the Winnebago Tribe in Winnebago, Unity in Action in South Sioux City, and The Trinidad Center in Lexington to increase voter registrations.

## **PORTION OF THE RAE SERVED:**

Native American and Latinx communities in Rural Nebraska. Project is ongoing with report due in 2018.

# 2017 GRASSROOTS LOBBYING MINIGRANTS

## **BLACK MEN UNITED**

Amount Funded: \$5,000

## **PROJECT:**

LB75 was a proposed bill that would remove the two-year voting wait period for people who were convicted of a felony and had served their time, restoring their right to vote immediately. Funds were requested to run a letter writing campaign in support of LB 75, which was sent to 5,000 individuals via email and circulated through social media pages, including the Black Men United and We Can Vote Now pages. Template letters were emailed for constituents to sign and mail to Nebraska State Senators. A coordinating letters-to-the-editor campaign was planned in Omaha, Lincoln and throughout Nebraska.

## PORTION OF THE RAE SERVED:

African American community of North Omaha, where a disproportionate number of previously incarcerated individuals reside.

## **PROJECT OUTCOME:**

Black Men United partnered with Civic Nebraska and the League of Women Voters in a campaign that was ultimately successful as the Nebraska Legislature passed LB75 in April 2017. However, the bill was vetoed by Governor Ricketts, and in a heartbreaking defeat the Legislature failed to garner the 33 votes needed to override the Governor's veto.

## FINAL NUMBERS:

323 Phone attempts: 52 phone conversations

## NEBRASKA CONSERVATION EDUCATION FUND

Amount Funded: \$5,000

## **PROJECT:**

The initial proposal paired the League of Conservation Voters Education Fund with Planned Parenthood of the Heartland to create a phone script designed to demonstrate and measure overlap between people who care about environmental issues (LR 46) and family planning issues. This overlap would help determine the extent to which there may be a base of progressive activists versus bases of issue-specific activists in Nebraska. The portion of the proposed tax budget bill that would have cut funding to Title X family planning providers was struck from the bill shortly after funding was awarded.

## PORTION OF THE RAE SERVED:

Women and Rural Voters

## **PROJECT OUTCOME:**

NCEF held phone banks to ID supporters of expanding access to health care, particularly reproductive health care, and action on climate change. The script included a patch-through advocacy option for people to call their State Senator's office regarding LR 46, a bill that would require the Executive Board of the Legislative Council to appoint a special committee to develop a climate action plan. The bill was not voted out of committee during the 2017 Legislative Session.

## FINAL NUMBERS:

"We are currently at 839 signatures on the petition, and we are going to keep it going throughout the rest of the year. We plan to organize around this issue during the interim, so that we can get a state climate plan passed next session."

## **CIVIC NEBRASKA**

Amount Funded: \$5,000

## **PROJECT:**

The proposal was to create an animated short-video to educate individuals on the impact of voter ID and how LR1CA could harm voters in Nebraska. The end of the video directed individuals to take action and link to an action page where the viewer could email their senator directly, asking them to oppose LR1CA. Funds were also provided for advertising on social media.

## **PORTION OF THE RAE SERVED:** Young Voters

## **PROJECT OUTCOME:**

LR1CA failed cloture and did not move on to General File (a legislative success, but making the video unusable for the 2017 Legislative Session). The video was created and branded without a bill number and is being used to gain awareness of voting rights issues and advocacy.

"With funds obtained from the Nebraska Civic Engagement Table's mini-grant program, we were able to create a video that outlines how Voter ID laws create barriers to voting for certain populations. The video is easily editable. which will make it useful for vears to come."

## **CENTER FOR RURAL AFFAIRS**

Amount Funded: \$2,500

## **PROJECT:**

With this funding, CFRA launched a grassroots advocacy campaign to stop damaging tax cut proposal, LB 461, which would hurt the state's ability to fund public education, health care and public safety. Grassroots tactics included digital ads to targeted IP addresses, generating calls and emails from informed constituents to senators in target districts.

## **PORTION OF THE RAE SERVED:**

Rural and low-income voters

## **PROJECT OUTCOME:**

Digital ads were created and shown to users at 7,321 targeted IP addresses for a total of 105,107 impressions. A total of 49 people clicked through the ads. LB 461 failed a cloture vote and did not advance to General File.

## **VOICES FOR CHILDREN**

Amount Funded: \$4,500

## **PROJECT:**

Funding was provided to promote efforts to address the cliff effect in the Supplemental Nutrition Assistance Program (SNAP) in Nebraska, LB 385. The cliff effect is a phenomenon where a small raise at work triggers a much larger loss in work supports like food stamps or child care, forcing families to turn down raises or promotions, undermining their ability to advance and succeed long-term. A digital ad campaign was tested for predictive value of current indicators in VAN. This was done by comparing online petition sign ons to VAN data indicating concern about food and anti-hunger policy. The test also included follow up calls to those who took action after viewing the ad, providing additional data on individuals who are willing to contact their senator hunger-related legislation.

## PORTION OF THE RAE SERVED:

Women and low-income voters

## **PROJECT OUTCOME:**

Unfortunately, the bill came up on the agenda weeks earlier than anticipated and failed to advance on a 24-19 vote, before the ads had finished running and making this second planned step moot. While the data collected was less robust than anticipated due to the inability to follow-up on initial contacts made, the information provided did give Voices for Children and other coalition members an idea of effective messages for the legislation, as well as provided a useful starting point for advocacy during the 2018 Legislative Session.

"This grassroots mobilization grant was a great learning opportunity for Voices for Children; indeed it was our first time utilizing a digital ad campaign as part of our legislative strategy...This resource will be helpful in future antihunger campaigns next session and in sessions to come."

# DEEP GANWASSING MINI GRANT PROGRI

Research shows that person-to-person conversation is the most effective persuasion technique. In 2017, the Nebraska Table was excited to support our member's deep canvassing programs that sent staff, volunteer, or paid canvassers to the doors for meaningful conversations and relationship building around a variety of issues. This was accomplished through independent and joint member projects - a total of 11 member organizations participating in 9 deep canvassing campaigns.

Please note, many of these projects are ongoing. Final results will be included in the 2018 Annual Report.

## ACLU/OUTLINC

Amount Funded: \$19,960

## **PROJECT:**

A canvassing director and 10-15 canvassers were hired to knock on up to 5,000 registered voter doors, establishing 1,000 contacts, to discuss equal rights and protection for transgender individuals. Through these conversations, canvassers hoped to identify 25 LGBTQ persons to be trained and elevated for leadership positions within their communities.

**PORTION OF THE RAE SERVED:** LGBTQ+ Nebraskans

## NCEF

Amount Funded: \$27.615

## **PROJECT:**

Starting in September 2017, NCEF hired nine organizers responsible for expanding their Common Ground Program. The goal of Common Ground is to build a statewide infrastructure of Nebraskans who are knowledgeable about the most important conservation issues facing our state and take action to improve local and statewide sustainability practices. Common Ground builds teams of community volunteers who then organize their fellow community members to implement local conservation projects and engage with statewide conservation issues. The goal of this grant was to establish neighborhood teams in 27 central, western, and rural communities, and knock on a total of 27K doors throughout those targeted communities.

## **PORTION OF THE RAE SERVED:**

Low-income rural Nebraskans

## **CIVIC NEBRASKA, HOLLAND CHILDREN'S INSTITUTE,** LEAGUE OF WOMEN VOTERS OF GREATER OMAHA

Amount Funded: \$15,000

## **PROJECT:**

This campaign was developed to collect data to support civic engagement programs in two North Omaha neighborhoods, and to build trust, community relationships, and awareness of voter resources with Civic Nebraska and League of Women Voters. The focus of this campaign was on parents, community members, and community organizations in neighborhoods served by Sherman Elementary and Lothrop Elementary.

## **PORTION OF THE RAE SERVED:**

Voters of color in North Omaha

## **NEBRASKA APPLESEED**

Amount Funded: \$10,000

## **PROJECT:**

Funding for this project was provided to build GOTV capacity for five rural organizing teams (Crete, Lexington, Grand Island, Alliance/Chadron, and Scottsbluff) through five \$2,000 mini-grants. Teams would use the mini-grants to canvass both door-to-door and at community events to build relationships with community members, and begin recruiting volunteers for 2018 GOTV efforts.

## **PORTION OF THE RAE SERVED:**

Latinx voters, Low-income voters

## SOUTH OF DOWNTOWN COMMUNITY DEVELOPMENT ORGANIZATION

Amount Funded: \$4,800

## **PROJECT:**

The goal of this program was to hire a part-time community organizer who will help facilitate 300-400 Canvass contacts and establish 3 community action committees.

**PORTION OF THE RAE SERVED:** Low-income Lincoln residents

## **UNITY IN ACTION**

Amount Funded: \$3,000

## **PROJECT:**

Funding was provided to engage registered voters in the electoral process and prepare them for the 2018 midterm elections, provide educational information to community members, and to participate in local events in order to provide voter information and register Nebraska residents to vote.

## PORTION OF THE RAE SERVED:

Latinx, Somali and Native American voters in South Sioux City

20

## **2017 LEGISLATIVE SESSION**

The 2017 legislative session was our first as an organization. It offered many opportunities for member collaboration, coordination, and grassroots advocacy. Our members worked together to fight policy changes that posed harm to the rising electorate of Nebraska. In all, more than 8,000 Nebraska voters were contacted in Spring 2017.

We were especially grateful to coordinate efforts with our coalition partners, Rebuild Nebraska and Coalition for a Strong Nebraska. The Table co-hosted a weekly legislative call with Coalition for a Strong Nebraska throughout the entire session, giving our respective members the opportunity to share information and coordinate advocacy campaigns. As a result, some member organizations participated in direct and/or grassroots lobbying for the first time, whether it was testifying before a Senate committee, or sharing a call to action with their supporters.

Here is a selection of the bills that Table members worked on in conjunction with other Table members:

LB 197 (Sen. Hansen), LB 112 (Sen. Kolowski), LB 290 (Sen. Vargas) This package of voter modernization bills included an opt-out instead of opt-in system that would allow the DMV to send voter registration information to election officials, allow online requests for mail-in ballots, and allow for provisional ballots for voters who moved to a new county. The Table assisted NCR in preparation for a press conference on all 3 bills. This bill failed in cloture.

LB 75 (Sen. Wayne) This bill would eliminate the 2-year waiting period for people with felony charges to vote. The Table funded and provided assistance for Civic Nebraska, Black Men United, and the League of Women Voters as they joined forces to call constituents and urge them to contact their Senator in support of this bill. The campaign was successful and the bill passed, however, the Governor ultimately vetoed the bill and it failed to gain enough override votes.

LB 173 (Sen. Morfeld) This bill would prohibit discrimination based on sexual orientation and gender identity. The Table worked with Civic Nebraska and Outlinc to create messaging, as well as to prepare for a rally in support of this bill. The bill was placed on General File and prioritized, but has not yet been scheduled for debate in 2018.

LB 337 / 338 (Sen. Smith and Sen. Brasch) This bill used economic growth rates to trigger income tax cuts and changed the method for valuing ag land to income-based. The Table worked with coalition partners to write messaging, create and fund digital advertising, and share action alerts that our members forwarded to their lists. This bill stalled in Committee.

1 miles	
11	
FI	

LR 1CA (Sen. Murante) This was a proposed Constitutional Amendment to ask Nebraskans to decide whether voters must show ID at the polls (2018 ballot). The Table provided funding and consulted on the creation of a voter ID video for Civic Nebraska. This bill failed in cloture.

LB 295 (Sen. Smith) This bill would provide tax credits for individuals and corporations that donate money to fund scholarships at private schools. The Table worked with coalition partners to share action alerts with members. The bill advanced to General File, but its large fiscal note will likely keep it from advancing in 2018.

LB 461 (Sen. Smith) This tax proposal cut the state's top income/corporate tax rates and changed the way ag land is assessed. It is a later iteration of LB 337 and LB 338, which became a conglomerate bill later in the session. The Table consulted with coalition partners on messaging, creating a field organizing plan, developing an ad campaign and sharing action alerts. This bill failed in cloture.

# **VICTORY FOR FAMILY PLANNING**

In addition to the Lobby Day, the ACLU of Nebraska led a grassroots campaign to send a strong message to Senators: protect our health care. More than 1,000 Nebraskan made phone calls and 250 emails were sent. The bill failed in a floor vote in May of 2017, making this a notable success for member organizations that coordinated grassroots advocacy efforts, as well as a success for low-income, rural Nebraskans who would have been negatively impacted.

"A(LV OF NEBRASKA WAS HONORED TO WORK HAND IN GLOVE WITH OUR PARTNERS, IN(LVDING THE NEBRASKAN (IVI( ENGAGEMENT TABLE, TO RALLY NEBRASKANS TO SAVE TITLE X DURING THE 2017 LEGISLATIVE SESSION. THE STATE TABLE WAS VITAL IN HELPING TO PULL LISTS IN TARGETED DISTRICTS TO FACILITATE (ONSTITUENT (OMMUNICATIONS LED BY ACLU AND A LO(AL PHONE VENDOR. BRAVE NEBRASKANS SPOKE OUT AND THEIR VOI(ES WERE HEARD."

# TABLE MEMBERS WORK TOGETHER TO DEFEND DACA

Last September, President Trump announced that he would rescind DACA, and Table Members swiftly swung into action to defend the program that grants protection to 3,300 Nebraskans who live, work, study, and contribute to their communities here.

Table Members Heartland Workers Center, Immigrant Legal Center, Nebraska Appleseed, and ACLU Nebraska, along with College of Saint Mary. One World Community Health Center, and Young Nebraskans in Action, immediately organized an online petition to Nebraska Attorney General Doug Peterson, generated an action alert, planned an informational event/ rally, and launched a calling campaign to Nebraska representatives Jeff Fortenberry, Don Bacon, Adrian Smith, and Senators Deb Fischer and Ben Sasse.

Table Members Unity in Action, Centro Hispano, and Latino Center of the Midlands joined the online campaign to defend DACA, urging followers and supporters to call their representatives and tell them to OPPOSE efforts to end the program. In addition, we worked with our partners at Coalition for a Strong Nebraska to provide up-to-date information about the impact ending DACA would have on our members' communities, and provided Table and CSN members with action alerts for their respective lists.

While the future of the DACA program is still uncertain, we are proud to be a part of Nebraska's nonprofit community, which has once again proved to be fierce protectors of its people, working collaboratively to empower every voice and improve the lives of all who live here.

On April 24th, 2017, Planned Parenthood and the Nebraska Family Planning Council organized a lobby day in order to protect Title X funding to stand-alone health centers. Title X funding provides family planning, including contraceptive information and services, annual well-women exams, STD testing and treatment, and HPV testing and vaccinations.

LB327, which was the state's budget bill, specifically AM 590, would have redistributed Title X funds from current family planning providers to Federally Qualified Health Centers, hospitals, and local health departments, which are not equipped to handle the patients that these other health centers currently serve. The result have been a cut of more than \$1 million of funding from family planning clinics, harming rural Nebraskans who rely on these close providers, and neglecting 14,500 patients who would lose their access to healthcare, well-woman exams, lifesaving cancer screenings, STI testing and treatment, and birth control as a result.

- Danielle Conrad, Executive Director, ACLU of Nebraska

# INGREASING VOTER TUR FOR LOCAL ELECTIONS

Both Lincoln and Omaha held municipal elections in May 2017, and many members participated in Get Out the Vote (GOTV) activities, contacting 3000 Nebraskans and creating a powerful impact. This was accomplished despite the fact that nearly all members were doing this work in addition to providing community services, anticipating changes from a new administration, and advocating for policies on the state and national level.

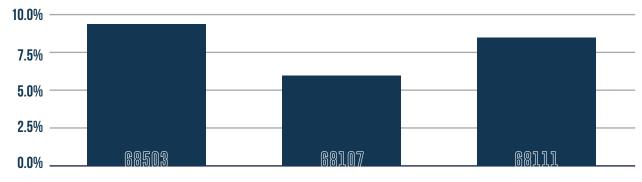

# ZIP CODE ANALYSIS

Our target ZIP codes were chosen due to their high Rising American Electorate populations and their histories of lower turnout. The ZIP codes we targeted were 68111 in Northeast Omaha. 68107 in Southeast Omaha. and 68503 which is just east of Downtown Lincoln.

Though municipal election turnout overall was down 2.3% from the previous average in Lincoln, it was down only .2% in our target zip code of 68503. The Lincoln GOTV Coalition canvassed and phone banked steadily right up to the election. In Omaha, overall turnout was up 1.3%, and it was even higher in our target zip codes of 68111 in North Omaha (up 2.5%) and 68107 in South Omaha (up 2.3%)! Some are attributing this to the mayoral election coverage. However, these are areas where we saw extensive, and intentional work from our members.

## **CANVASSING IMPACT BY ZIP CODE**

In order to determine the impact that our canvassers had on individual voters, we analyzed all registered voters in the target zip codes and took their history of voting in federal and municipal elections into account. The graphic below illustrates the degree to which a contact increased an individual's vote propensity in each ZIP code.

## **NOTES ON ZIP CODE ANALYSIS**

A contact increased a voter's likelihood of going to the polls by 9.38% in 68503, 6.01% in 68107, and 8.49% in 68111. Overall, a conversation with a Table Member's canvasser about the importance of voting made an individual 7.67% more likely to vote.

This finding further reinforces the value of person to person communications as the single most effective tool for getting individuals to vote.

We suspect that this analysis underestimates the impact of contacts in 68107 because it cannot accurately capture the impact of ethnicity on voter propensity. Turnout efforts in 68107 were primarily targeted for hispanic and latino voters who may have a lower baseline propensity to vote in municipal elections than their white neighbors.

# **GOTV MINIGRANTS**

Through our Mini Grant program, the Table directly funded GOTV efforts of several organizations, including:

\$3,000 to The League of Women Voters of Greater Omaha's Voter Registration Project focusing on high school seniors, students in Young Adult Special Education programs, community college students and newly naturalized citizens. TOTAL NATURALIZATION CEREMONIES: 11 **TOTAL SCHOOL DRIVES: 10** 

\$10,000 to Heartland Workers Center efforts to increase voting participation in the Municipal Elections in the South Omaha Community through door-to-door canvassing, phone banking, social media advertising, a printed voter guide, and Spanish language radio spots.

1418 calls attempted; 391 conversations

\$8,000 to Nebraska Appleseed, which was dispersed in subgrants to four rural community organizations/leaders to fund their own voter registration drives focusing on people of color. Each community has a goal of registering 50 new voters, for a total of at least 200 new rural voters. This project is ongoing with a report due in 2018. Organizations funded include:

Native Futures in Alliance Winnebago Tribe in Winnebago

LINCOLN GOTV COALITION

# **BUILDING CAPACITY**

The Nebraska Civic Engagement Table provides member-wide training as part of nonprofit capacity building, as well as oneon-one support by request. In 2017, we collaborated with our partners at Coalition for a Strong Nebraska, and we also tapped Table members' expertise to train other members.

# **RACIAL EQUITY & COMMUNICATIONS**

In September 2017, the Nebraska Table brought in nationally recognized specialist in race relations and civic engagement, David Campt. David led two training sessions intended to help our members communicate about racial and social equity with broad audiences. These trainings gave participants the chance to practice creating messages about equity, about the importance of being vocal advocates for social and public policy change on behalf of the communities they serve.

# **RAPID RESPONSE EMAIL ADVOCACY**

In October, we partnered with Coalition for a Strong Nebraska to deliver a two-part series on lobbying: direct and grassroots. The Table led a half day session covering external mobilization strategy for engaging grassroots advocates in rapid response efforts. Attendees learned how to build a rapid response list, establish a strong relationship with their network, identify rapid response situations and legislative targets, create email action alerts, optimize their campaign on social media, and record data on their results.

# **GATHERINGS STORIES & TESTIMONIALS**

In December Communications Director, Angie Remington, hosted a panel discussion with Lauren Williams from Planned Parenthood of the Heartland, and Andrew Dickinson of Fly Over Media. We discussed challenges and best practices around asking someone to tell their story, whether it is in front of a legislative committee, or for fundraising or promotional use by an organization. We also covered ethical considerations when approaching difficult topics, building trust, legal concerns and privacy issues, anonymity, and how to use visual imagery to reinforce impact.

## 2017 STAFF HIGHLIGHTS

ON (ITY ELE(TION DAY IN LIN(OLN LAST YEAR, A PERSON WHO SPEAKS ENGLISH AS A SE(OND LANGUAGE (AME INTO THE OFFICE HOLDING THE SO(IAL PRESSURE MAILPIE(E. HE (AME IN TO IMPROVE HIS VOTER S(ORE AND VOTE FOR THE FIRST TIME. HE WASN'T SURE WHERE HE WAS SUPPOSED TO VOTE, SO I HELPED LOOK UP HIS POLLING LO(ATION AND PRINTED OFF A MAP FOR HIM. HE WAS IN(REDIBLY EX(ITED ABOUT VOTING FOR THE FIRST TIME, ESPECIALLY FOR A (ITY ELECTION; HE WASN'T EVEN AWARE THAT YOU (OULD VOTE FOR MAYOR OR (ITY (OUN(IL. THIS EXPERIEN(E REMINDED ME WHY WE ARE DOING THE WORK WE ARE DOING.

# **BALLOT INITIATIVES**

In December our Data Director, Brett Andres, provided Table members with a webinar training on creating successful ballot initiative campaigns. The webinar covered timelines, campaign structure, building long term power, and data tools available through the Table.

# **VAN TRAININGS**

In 2017, the Table provided 12 individualized VAN trainings to member organizations, covering topics like canvass administration and data, quality control, and general user-interface and usage training. In addition, our Data Director created a MyCampaign 101 webinar, which is available on the Table Member Portal.

# FIELD TRAININGS

Our Field team provides individualized field organizing training and strategic consultation to our members throughout the year. GOTV trainings cover the purpose and effectiveness of voter contact activities, including canvassing and phone banking, developing scripts, voter registration, and using VAN to pull targeted walk lists and record accurate data.

Deep Canvassing training requires a more in-depth look at traditional voter contact methods, including ensuring that all organizers understand the project, running through multiple scripts, practicing personal storytelling, and conversations on establishing an emotional connection with the people you meet at the doors and on the phones. In 2017 our Field team provided deep canvassing training to member organizations working on anti-discrimination issues (in Lincoln) and community building in neighborhoods in North Omaha and South Downtown Lincoln.

## 2017 STAFF HIGHLIGHTS

THE OVTER GAME TRAINING IN OCTOBER WAS ONE OF MY FAVORITE MOMENTS OF THE YEAR. WE SPENT MONTHS PLANNING THE TRAINING IN (ONUVNCTION WITH OVR PARTNERS AT (OALITION FOR A STRONG NEBRASKA, AND IN THE END WE DELIVERED A REALLY DYNAMI( TRAINING WITH HIGH LEVELS OF PARTI(IPATION FROM TABLE AND (SN MEMBERS IN ATTENDAN(E. I WAS REALLY PROVD TO WATCH MY (OLLEAGVES STAND VP AND SHARE THEIR EXPERTISE WITH THE ROOM. IT REALLY SOLIDIFIED FOR ME THAT THERE IS A REAL DESIRE IN NEBRASKA'S NONPROFIT (OMMUNITY TO (OLLABORATE AND TO ENGAGE (ONSTITUENTS IN GRASSROOTS ADVO(A(Y).

-Angie

## WWW.NEBRASKATABLE.ORG

The Nebraska Civic Engagement Table website launched in January 2017, offering resources to the public such as a comprehensive list of our members and descriptions of their mission and programs, as well as a community calendar with information about local municipal meetings and how to get an issue onto the agenda. The website also posts member job and volunteer opportunities and information about joining the Table.

The website is home to our Member Portal, which hosts a wealth of resources available to our members 24/7. This is in addition, of course, to our Member Help Desk through which members can submit requests for training, resources, information, or other needs.

# LOOKING AHEAD TO

Beginning in the summer of 2017, our Executive Director, Zack Burgin, met individually with the majority of our (then) 40 member organizations. The purpose of these meetings was to check in after one full year of operations and make sure that the Table was meeting our members' expectations and delivering on our promise to strengthen Nebraska's nonprofit community through increased collaboration and leadership development.

Using the feedback gleaned from these individual check-ins, the Table created our 2018 work plan to be centered around the needs of our member organizations.

# **MORE COLLABORATION**

In 2018 we'll be bringing our members together for more networking and collaboration opportunities. In addition to our quarterly meetings, the Table will increase the frequency of our informal memberwide dinners and establish guarterly networking events for departmental staff to share best practices in communications, data, and field organizing.

# **ORGANIZER SCHOOL**

We're excited to announce the launch of our Organizer School in February 2018. Through this program, the Table will hire three individuals interested in field organizing and train them through a combination of a classroom-style curriculum developed by our Field Team and hands-on training. After six weeks, each organizer will be placed with an organization to help build a community engagement program in its specific geographic or issue area. The Table will provide salary and benefits for one year - hopefully giving the organization time to establish some data driven results, measurable outcomes, and secure future funding. By launching the Organizer School, we hope to not only provide our member organizations with the capacity to launch a civic engagement program, but we hope to build a pipeline for future nonprofit leaders as well

# **BUILDING VOTER POWER**

Increasing voter turnout is at the core of our mission and the work we are doing through our members. In 2018, we are focusing on increasing the number of nonprofits doing voter registration and voting-related community engagement. We will do this by providing funding, training and support, communications tools, and data/research that highlights the most effective and efficient methods of increasing turnout amongst the Rising American Electorate.

Our 2018 work plan covers all of the above areas of focus, plus more, and is available by contacting Zack Burgin at zack@nebraskatable.org.

NEBRASKA CIVIC ENGAGEMENT TABLE 211 N 14TH STREET LINCOLN, NE 68508

WWW.NEBRASKATABLE.ORG
